

Training Certificate

Training Topic: International Hydraulic Service
Engineer Training Course

Mr. HAN Zhenchuan/韩振川 (大象流体(河北)液压机械有限公司)

Has successfully participated the training held from Jul 14th.2026 to Jul 16th.2026 in Rexroth Beijing Service Center with the following contents:

- Hydraulic components, principle of system, field failure handling cases sharing
- Open circuit of Hydraulic Systems, LS & LUDV, field failure handling cases sharing
- Close circuit of Hydraulic Systems, Travel & Winch drive, field failure handling cases sharing
- Measurement and testing of Hydraulic system, field failure handling cases sharing
- Actual engineering knowledge of Hydraulic oil, oil tank, piping, etc. and field failure handling cases sharing
